### Message From IAA:

Welcome Back, IAA Families!

Happy New Year! We hope you had a restful and joyful winter break. We are excited to welcome our students back as we gear up to complete the second quarter with strength and determination. At IAA, we're making a New Year's resolution to recommit to designing engaging, challenging lessons that inspire our students to be the best scholars they can be. As always, the partnership between schools and families is key to student success. Together, we can help our students reach their fullest potential. Let's recommit to our shared mission: Educate. Motivate. Create. Innovate. Here's to a fantastic start to the new year!
